ALL DIMENSIONS ARE APPROXIMATE

*The prices above include Standard Liability up to a maximum per unit as shown. If you would like us to accept liability over the maximum shown above (as separately advised by you) our price(s) will be increased to reflect the higher level of liability.

All of our units are made of wood, which makes them breathable so they will not suffer from condensation. Our large store is clean, dry and not heated so there are no rapid fluctuations in temperature. The building is fully alarmed and we have excellent 24hr CCTV both inside and outside the warehouse.

The units are portable and will be forklifted down into the loading areas during access and securely stored away at all other times. (This does not include archive document storage units, which are static.)

There is no need for carrying over any distance or the need for trucks or trolleys. Your car or van can be pulled up alongside your unit whilst you are loading/unloading.

Once you have finished, we will forklift your unit back into place in the warehouse.

SETTING UP YOUR SELF-STORAGE WITH US
